

IAN MACLEAN

SVP, GM, Cloud Services

Ian is SVP, GM Cloud Services and is responsible for Mavenir's Business Communications, Customer Engagement and Messaging Monetization solutions delivered to the market in a SaaS business model. These solutions power Mavenir's Connect and Engage service offerings that provide compelling value for CSPs, System Integrators and Channel Partners to address the needs of their business and enterprise customers.

Previously, Ian served as Chief Marketing Officer at Metaswitch Networks, where he managed their product/marketing functions and drove the company's transformation strategy by expanding into mobile markets and next generation technologies. Prior to that, he served as Chief Operating Officer at Tango Networks. Ian also previously worked at Mavenir, helping drive growth from its early days as a startup and as head of Strategy and Marketing, he played an instrumental role in its successful IPO offering and subsequent sale to Mitel.

Ian started his career at Nortel where he gained a breadth of experience and skills across Engineering, Operations and Product Management functions, as well as extensive international experience having lived abroad in Europe and Asia for several years. He holds degrees in Electrical Engineering and Political Science from the University of Missouri.
